ESCAPE+EXPLORE

lifestyle homes with an attitude

A handpicked collection of private fully serviced houses across Southern Africa that would not look out of place in any lifestyle magazine (and many are featured in top titles both locally and internationally). Each in a spectacular locations to match their style from the slopes of Table Mountain to the wild beaches of the Garden Route. Each house comes with maid service so you never need to lift a finger.

private adventure guides

Each house is hosted by one of our Private Adventure guides. Our guides have headed up some of Africa's top safari lodges or privately guided expeditions across Africa. These discrete guides allow you the privacy to enjoy your own house but on hand to assure you make the most of your beautiful surroundings. For bigger groups a dedicated 'In-house Guide' is provided to assist your Private Adventure Guide.

adventure utility vehicle™

Each guide comes with one of our unique Adventure Utility Vehicles (AUV™). They are key to a flexible adventure as they come fully equipped and ready for action with top of the range adventure gear suitable to the area you are visiting. Including Inflatable Stand Up Paddle Boards, Surf Boards, Wetsuits, Pre Packed Hiking Packs, Mountain Bikes and Safety Gear.

simple healthy dining

Once establishing your food preferences prior to departure our in house nutritionist prepares a menu for your stay. The emphasis being on locally readily available fresh food and specialities. Simple breakfasts prepared and evening meals more often than not 'braai'd' on an open fire on the evenings you are not eating out.

wild child family adventures

Our hosted home concept comes into its own when travelling with a family. Children will be taught outdoor skills and new sports like Stand Up Paddling, Surfing and Mountain Biking. Each child is fitted with their very own Private Adventure Guide uniform. Your children will leave with a renewed passion for the great outdoors. For families with younger children local nanny's or qualified au pairs are provided.

location and duration

Our Lifestyle homes are dotted around South Africa and can be combined to create a full South African itinerary. Further afield options include Mozambique, Seychelles, Mauritius, Zambia and Namibia.

A minimum 4 night stay is required (longer in peak season) and several different homes can be used to make up a full itinerary with guides escorting you between venues.
